China Loong Air Purifier Co., Ltd. | china-airpurifier.com

Introduction

China Loong Air Purifier Co., Ltd. was founded in 1995. After 20 years' development, we have diversified our product ranges, including family health therapy products, environment purification products and family health therapy by-products. Our products have been exported to more than 70 countries and districts in North America, Europe, Southeast Asia and Middle East.

China Loong Air Purifier Co., Ltd. specializes in the research, development, manufacture and sale of air purifier. Based on deeply study on air pollution, we have developed our products with a range of commercial, household, desk and car air purifiers, which have already been applied in medical institutions, houses, CBDs. Now we have three production lines. The daily production capacity is 3000pcs air purifiers. In the next five years, we will still be committed to taking air treatment appliance such as air purifiers, dehumidifiers and humidifiers as the core, radiating water purification, intelligent bathroom, garbage kitchen waste disposal household appliances, and strive to become the world leader in the health and environmental protection household appliances industry!

Air Purifier

Product Parameters		Product Features
Product name	Self - Cleaning Cat Litter Box	1. Clean cat poop automatically, keep cat happily
		2. Auto - sensing electrical door to ensure cat's safety
Input	100 - 204VAC50 - 60Hz	3. Real - time monitoring of odor concentration, timely automatically spray deodorization
Output	DC12V/1.5A	4. Curved litter leakage corridor prevents cat claws from taking out the litter
Power	6W	5. Drawstring closure trash bag to reduce odor leakage and avoid the owner looking directly at the cat's feces
		6. Automatic alarm when the waste drawer is full
Product dimension	750*500*710mm	7. Automatic alarm when litter is less
		8. Automatic alarm when deodorant runs out
Cat weight	1- 10kg	9. Top platform, funny and practical
		10. Unique design, Harmonious with the modern home style
Cat length	< 1000mm	11. Built - in 12 sensors, full of intelligent technology.
